Hi Tee, Here's that recipe...

2 cups elbow macaroni

1 lb shredded cheddar cheese (I use the low fat; be sure to grab a **16 oz** pkg or else two 8 oz ones)

1 (12 oz) container of small curd cottage cheese (again, I use the low fat or no fat)

4 Tbl butter

water to cover

Bread crumbs (I love the panko ones, but I'm sure the Pepperidge Farm stuffing would work, as well)

1. Preheat oven to 350 degrees
2. Grease a deep 2 quart casserole dish
3. Mix macaroni, cheese and cottage cheese in a large bowl; blend well, and
4. Pour water over mixture until it totally covers the macaroni and cheese mixture; I like to have it a BIT above the top of the mixture
5. Dot with the 4 tbl butter and sprinkle bread crumbs evenly over top
6. Bake about an hour (check after 50-55 minutes)

ENJOY!!! :-)
